

WHAT IS AN INTERACTIVE SCIENCE NOTEBOOK?

- ✓ An interactive science notebook (ISN) is your own personalized **SCIENCE BOOK**.
- ✓ A portfolio of your work in **ONE** spot that you bring **EVERY DAY**. This is a great resource for **STUDYING** for quizzes & tests.
- ✓ A great **ORGANIZATIONAL** tool that gives you permission to be **COLORFUL** and **CREATIVE** to show me what you know or have learned.
- ✓ Allows you to be like a **REAL SCIENTIST** by asking **QUESTIONS, RECORDING** what you observe and **SHARING** it with your classmates!

Notebook Rules

- Do not **RIP OUT** pages or tear corners.
- All handouts **MUST BE GLUED IN!**
- Please don't **DOODLE** unless it relates to science.
- Your **ISN** should only be used for **SCIENCE CLASS** and **COMES TO CLASS EVERYDAY!**
- Each page should have the **DATE** and **PAGE#**.
- **BE COLORFUL, CREATIVE, & LOVE YOUR NOTEBOOK!**
